## SAIL TODAY—SAIL FOR A LIFETIME!

Hoover Sailing Club's Adult Learn to Sail program has something for everyone — from beginners with no sailing experience to sailors who want to improve their skills or learn to race. We will teach participants everything they need to know from sailing on their own to what to look for in buying a boat.

### TESTIMONIAL:

**Rob F.**

I first learned about Hoover Sailing Club's Learn-to-Sail program during the winter of 2014.

I found the adult classes to be an amazing value and I signed up right away. I was hooked the very moment that we were on the water when the instructors pushed us away from the dock, the sails filled with a light breeze and we started across the water.

In the Beginner 3-week class, we met twice a week, learning the basics of taking a boat out,

sailing it anywhere, then returning it safely. All of these fundamental principles apply to all types of sail boats and all sizes. I signed up for the Intermediate class for 3 more weeks, then followed up with the Racing class for 3 weeks. I discovered why the club members are so passionate about this activity!

I continued to sail throughout the summer, taking opportunities to crew for other boat owners. Late winter, I bought my own boat and joined the club.
